

## EFA 2002 Annual Report

---

### **THE ARTS**

EFA continued its support of programs for at-risk youth, which fostered creativity and positive self-esteem. These programs gave students first-hand exposure to the theatre arts, provided scholarships for participation in art programs, and enriched students' in-school art experience. Additionally, EFA funding was used to address the issue of declining theatre attendance and to encourage upcoming artists in new play development.
